### Glen Hill Private School – Fee Structure for 2024

Dear Parents,

This letter is to inform our existing parents, as well as our new parents, of the school fees for 2024. This letter also serves to provide detail on the various fee payment plans available to parents.

As an independent school, Glen Hill Private School is not entitled to any government subsidies and as such all cost incurred by the school need to be solely funded by income from the school. We have committed ourselves to providing affordable education to our parents since 2020 and we will continue doing so for next year.

Glen Hill will continue to try and quote a simple and transparent fee structure that is free from many additional levies. All school fees are due in advance within the first week of the month. We are currently looking into setting up a debit order system to stream this monthly exercise.
